Office of the Secretary
FISHER ELECTRONICS, INC.,
MILROY, PA.

Notice of Certification of Eligibility of
Workers To Apply for Adjustment Assistance

Under date of March 30, 1973, the U.S. Tariff Commission made a report of the results of its investigation (TEA-W-176) under section 301(c)(2) of the Trade Expansion Act of 1962 (76 Stat. 884) in response to a petition for determination of eligibility to apply for adjustment assistance submitted on behalf of the workers of the Milroy, Pa., plant of Fisher Electronics, Inc., subsidiary of Emerson Electric Co. In the report, the Commission found that articles like or directly competitive with radio receivers and radio-phonograph combinations produced by Fisher Electronics, Inc., are, as a result in major part of concessions granted under trade agreements, being imported into the United States in such increased quantities as to cause, or threaten to cause, unemployment or underemployment of a significant number or proportion of the workers of Fisher Electronics, Inc., an appropriate subdivision of Emerson Electric Co.

Upon receipt of the Tariff Commission's affirmative finding, the Department, through the Director of the Office of Foreign Economic Policy, Bureau of International Labor Affairs, instituted an investigation.

Following this, the Director made a recommendation to me relating to the matter of certification (Notice of Delegation of Authority and Notice of Investigation, 34 FR 18342; 37 FR 2472; 38 FR 9195; 29 CFR part 90). In the recommendation she noted that imports like or directly competitive with radio receivers and radio-phonograph combinations produced by Fisher Electronics, Inc., increased substantially. In response the firm began to import increased quantities of radio and radio-phonograph components as well as complete radios. As a result, production of these articles at the Milroy plant declined, as did employment. Unemployment caused in major part by concession generated import competition began in December 1971 and has continued to date. After due consideration I make the following certification:

All hourly workers of Fisher Electronics, Inc., employed in the production, assembly, or testing of radio receivers, radio-phonograph combinations, or components thereof who became or will become unemployed or underemployed after December 25, 1971, are eligible to apply for adjustment assistance under title III, chapter 3, of the Trade Expansion Act of 1962.

Signed at Washington, D.C., this 1st day of May 1973.

JOEL SEGALL,
Deputy Under Secretary,
International Affairs.

[Notice 235]

ASSIGNMENT OF HEARINGS

MAY 1, 1973.

Cases assigned for hearing, postponement, cancellation, or oral argument appear below and will be published only once. This list contains prospective assignments only and does not include cases previously assigned hearing dates. The hearings will be on the issues as presently reflected in the official docket of the Commission. An attempt will be made to publish notices of cancellation of hearings as promptly as possible, but interested parties should take appropriate steps to insure that they are notified of cancellation or postponements of hearings in which they are interested. No amendments will be entertained after the date of this publication.

MC-138212, Harvey R. Shipley & Sons, Inc., now assigned June 7, 1973, at Washington, D.C., is postponed to June 12, 1973, at the Offices of the Interstate Commerce Commission, Washington, D.C.

MC 134599 sub 53, Interstate Contract Carrier Corp., now assigned June 5, 1973 (2 days), at Columbus, Ohio is postponed indefinitely.

MC 106566 sub 83, Sam Tanksley Trucking, Inc., now being assigned June 5, 1973, at Columbus, Ohio, in a hearing room to be later designated.

MC-136468 sub 1, Virginia Air Freight, Inc., is continued to May 2, 1973 (1 day), at the Offices of the Interstate Commerce Commission, Washington, D.C.

I. & S. M 26629, Classification Ratings on Collapsible Metal Tubes, Nationwide, now assigned May 15, 1973, at Washington, D.C., is postponed to June 18, 1973, at the Offices of the Interstate Commerce Commission, Washington, D.C.

[Rev. SO 994; ICC Order 92]

CHESAPEAKE & OHIO RAILWAY CO.

Rerouting or Diversion of Traffic

In the opinion of Lewis R. Teeple, agent, the Chesapeake & Ohio Railway Co. is unable to transport traffic over its line passing through Williamsburg, Mich., because of extreme hazard resulting from escaping natural gas.

It is ordered, That:

(a) The Chesapeake & Ohio Railway Co. being unable to transport traffic over its line passing through Williamsburg, Mich., because of extreme hazard resulting from escaping natural gas, that carrier is hereby authorized to reroute or divert such traffic via any available route to expedite the movement. The billing covering all such cars rerouted shall carry a reference to this order as authority for the rerouting.

(b) Concurrence of receiving roads to be obtained.—The railroad desiring to divert or reroute traffic under this order shall receive the concurrence of other railroads to which such traffic is to be diverted or rerouted, before the rerouting or diversion is ordered.

(c) Notification to shippers.—Each carrier rerouting cars in accordance with this order shall notify each shipper at the time each car is rerouted or diverted and shall furnish to such shipper the new routing provided under this order.

(d) Inasmuch as the diversion or rerouting of traffic is deemed to be due to carrier disability, the rates applicable to traffic diverted or rerouted by said agent shall be the rates which were applicable at the time of shipment on the shipments as originally routed.

(e) In executing the directions of the Commission and of such agent provided for in this order, the common carriers involved shall proceed even though no contracts, agreements, or arrangements now exist between them with reference to the divisions of the rates of transportation applicable to said traffic. Divisions shall be, during the time this order remains in force, those voluntarily agreed upon by and between said carriers; or upon failure of the carriers to so agree, said divisions shall be those hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by the Interstate Commerce Act.

(f) Effective date.—This order shall become effective at 11:30 a.m., April 25, 1973.

(g) Expiration date.—This order shall expire at 11:59 p.m., May 19, 1973, unless otherwise modified, changed, or suspended.

It is further ordered, That this order shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and car hire agreement under the terms of that agreement, and upon the American Short Line Railroad Association; and that it be filed with the Director, Office of the Federal Register.

Issued at Washington, D.C., April 25, 1973.

[No. 35822]

**CHICAGO, MILWAUKEE, ST. PAUL &
PACIFIC RAILROAD CO. ET AL.**

**Minnesota Intrastate Freight Rates and
Charges, 1973, Flaxstraw**

Order.—At a session of the Interstate Commerce Commission, Division 2, held at its office in Washington, D.C., on the 23d day of April 1973.

By petition filed April 10, 1973, the Chicago, Milwaukee, St. Paul & Pacific Railroad Co.; the Chicago & Northwestern Transportation Co.; the Soo Line Railroad Co.; and Burlington Northern, Inc. (petitioners), common carriers by railroad operating within the State of Minnesota and from, to, and through that State, subject to the laws of that State and to the jurisdiction of the Minnesota Public Service Commission, allege that petitioners' request for intrastate rates on flaxstraw equal to those prevailing on interstate commerce was denied by the State commission on December 29, 1972, and that a level of flaxstraw rates lower than those in interstate commerce was prescribed by the State commission on the same date; and

It appearing, that the petitioners allege that the current level of intrastate flaxstraw rates in Minnesota is grossly noncompensatory; that a disparity in favor of intrastate rates and charges prescribed by the State commission deprives petitioners of approximately \$450,000 annually in total revenue; that the present interstate rates on flaxstraw are just and reasonable and that, if intrastate rates were increased to the same level, such rates would not exceed a just and reasonable level; that transportation conditions incident to the transportation of flaxstraw within the State are not more than those incident to interstate commerce on the same and similar traffic to, from, and between points in Minnesota and adjoining States; that Minnesota intrastate freight rates and charges on flaxstraw are unduly low and fail to produce their fair share of the revenues required to enable petitioners, under honest, economical, and efficient management, to provide adequate and efficient railway transportation service at the lowest cost consistent with the furnishing of the service; that the failure of the State commission to authorize the same level of rates on movements of flaxstraw in intrastate commerce as prevails on interstate rail

movements to, from, and between points in Minnesota and adjoining States has resulted in undue and unreasonable advantage, preference, and prejudice between persons and localities in Minnesota intrastate commerce, on the one hand, and those in interstate and foreign commerce on the other, resulting in undue, unreasonable, and unjust discrimination against, and an undue burden on interstate and foreign commerce in violation of sections 3, 13(4), and 15(a) of the Interstate Commerce Act, and that such undue, unreasonable, and unjust discrimination, preference, and prejudice, and undue burden will continue to exist until the levels of intrastate and interstate rates are made equal to each other; and that the action requested will have no effect on the human environment;

It further appearing, that petitioners request that an investigation pursuant to section 13(3) of the Interstate Commerce Act be instituted forthwith concerning the matters set forth above; that an order pursuant thereto be entered prescribing rates and charges on intrastate movements of flaxstraw on the same level as those prevailing on interstate movements, and for such other relief as the Commission may deem just and reasonable; and that the matter be handled by modified procedure;

And it further appearing, that there have been brought in issue by petitioners matters sufficient to require an investigation into the lawfulness of Minnesota intrastate rates and charges on flaxstraw made or imposed by the State of Minnesota; therefore,

It is ordered, That the petition for investigation be, and it is hereby, granted.

It is further ordered, That an investigation be, and it is hereby, instituted under section 13(3) of the act to determine whether the petitioners' intrastate rates and charges on flaxstraw, made or imposed by the State of Minnesota, cause or will cause any undue or unreasonable advantage, preference, or prejudice, as between persons or localities in intrastate commerce, on the one hand, and those in interstate or foreign commerce, on the other, or any undue, unreasonable, or unjust discrimination against, or undue burden on, interstate or foreign commerce, and to determine what rates or charges, if any, or what maximum, or minimum, or maximum and minimum, rates and charges should be prescribed to remove the unlawful advantage, preference, discrimination or undue burden, if any, that may be found to exist.

It is further ordered, That all carriers by railroad operating within the State of Minnesota subject to the jurisdiction of this Commission be, and they are hereby, made respondents to this proceeding.

It is further ordered, That any person intending to participate in this proceeding by submitting initial or reply statements, or otherwise, shall notify this Commission by filing with the Secretary, Interstate Commerce Commission, on or before June 8, 1973, the original and one copy of a statement of his intention to participate. The Commission desires

wherever possible to conserve time, to avoid unnecessary expense to the public, and to limit the service of pleadings only to those intending to take an active part in the proceedings. The statement of intention to participate shall include a detailed specification of the extent of such person's interest, including (1) whether such interest extends merely to receiving Commission releases in this proceeding, (2) whether he genuinely wishes to participate by receiving or filing initial and/or reply statements, and (3) if he desires to participate as described in (2), whether he will consolidate, or is capable of consolidating, his interests with those of other interested parties by filing joint statements in order to limit the number pleadings that must be served, such consolidation of interests being strongly urged by the Commission, and (4) any other pertinent information which will aid in limiting the service list to be issued in this proceeding. This Commission shall prepare and make available to all interested persons a service list containing the names and addresses of all parties desiring to participate in this proceeding and upon whom copies of all statements must be filed. Subsequent to the time of serving the service list, the Commission will designate the nature of the further proceeding.

It is further ordered, That a copy of this order be served upon each of the petitioners, and that the State of Minnesota be notified by sending copies of this order and the petition herein by certified mail to the Governor of Minnesota, St. Paul, Minn., and to the Minnesota Public Service Commission, St. Paul, Minn.

And it is further ordered, That notice of this proceeding be given to the public by depositing a copy of this order in the office of the Secretary of the Commission at Washington, D.C., and by filing a copy with the Director, Office of the Federal Register, for publication in the FEDERAL REGISTER. Interested persons shall be afforded an opportunity to inspect pleadings at the Office of the Secretary of the Commission in Washington, D.C.

This decision is not a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969.

By the Commission, Division 2.

[SEAL] ROBERT L. OSWALD,
Secretary.

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

APRIL 30, 1973.

The following are notices of filing of application except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application) for temporary authority under section 210a(a) of the Interstate Commerce Act, provided for under the new rules of Ex parte No. MC-67 (49 CFR part 1131), published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 17006 (sub-No. 4 TA), filed April 20, 1973. Applicant: INTEROCEAN SERVICE CORP., P.O. Box 185, Uptown Station, 1419 Bloomfield Street, Hoboken, N.J. 07030. Applicant's representative: Thomas A. Butler (same address as applicant). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: *General commodities*, in containers having a prior or subsequent movement by water, between Philadelphia, Pa., and Baltimore, Md., for 180 days.

NOTE.—Applicant states that it would tack and interline at Philadelphia, Pa., with MC-17006.

Supporting shipper: Seatrain Lines, Inc., Container Division, Port Seatrain, Weehawken, N.J. 07087. Send protests to: District Supervisor Robert E. Johnston, Bureau of Operations, Interstate Commerce Commission, 970 Broad Street, Newark, N.J. 07102.

No. MC 19105 (sub-No. 40 TA), filed April 20, 1973. Applicant: FORBES TRANSFER CO., INC., Mailing: P.O. Box 3544 (office S. Goldsboro St., ext.), Wilson, N.C. 27893. Applicant's representative: Morton E. Kiel 140 Cedar St., New York, N.Y. 10006. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Plasterboard joint system, plasterboard joint compound, wallboard or plasterboard joining or reinforcing tape, dry powder paint, patching plaster, iron or steel screws, iron or steel plaster grounds, steel finishing knives, spackling putty and spackling powder*, from the plantsite of U.S. Gypsum Co. at Chamblee, Ga., to points in Georgia, North Carolina, South Carolina, Tennessee, and Virginia; *steel articles*, from the plantsite of U.S. Gypsum Co., at Morrow, Ga., to points in Georgia, North Carolina, South Carolina, Tennessee, and Virginia, for 180 days. Supporting shipper: U.S. Gypsum Co., P.O. Box 50073, Atlanta, Ga. 30302. Send protests to: Archie W. Andrews, District Supervisor, Bureau of Operations Interstate Commerce Commission, P.O. Box 26896, Raleigh, N.C. 27611.

No. MC 30867 (sub-No. 189 TA), filed April 23, 1973. Applicant: CENTRAL FREIGHT LINES, INC., 303 South 12th Street, P.O. Box 238, Waco, Tex. 76703. Applicant's representative: Phillip Robinson, P.O. Box 2207, Austin, Tex. 78767. Authority sought operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities*, (1) between Bonham and Greenville, Tex., as follows: From Bonham, Tex., over U.S. Highway 82 to Paris, Tex., thence over Texas Highway 19 via Sulphur Springs, Tex., to its junction with Interstate Highway 30, thence over Interstate Highway 30 to its junctions with Texas Highway 24 and U.S. Highway 69, thence over Texas Highway 24 and U.S. Highway 69 to Greenville, Tex., and return over the same route, serving the termini and all intermediate points and the off-route points of Cumby and Campbell, Tex.; (2) between Greenville, Tex., and Honey Grove, Tex., as follows: From Greenville, Tex., over Texas Highway 34 to Honey Grove, Tex., and return over the same route, serving the termini and all intermediate points; (3) between Greenville, Tex., and junction Texas Highway 24 and Texas Highway 19, as follows: From Greenville, Tex., over Texas Highway 24 to junction Texas Highway 24 and Texas Highway 19, and return over the same route, serving the termini and all intermediate points; (4) between Ladonia and Sulphur Springs, Tex., as follows: From Ladonia, Tex., over Texas Highway 50 to junction Texas Highway 24, thence over Texas Highway 24 to Commerce, thence over Texas Highway 11 to Sulphur Springs, Tex., and return over the same route, serving the termini and all intermediate points; (5) between junction Texas Highway 24 and Texas Highway 154 and junction Texas Highway 154 and Interstate Highway 30, as follows: From junction Texas Highway 24 and Texas Highway 154 over Texas Highway 154 to junction Texas

Highway 154 and Interstate Highway 30, and return over the same route, serving the termini and all intermediate points; (6) between Commerce, Tex., and junction of Texas Highway 50 and Interstate Highway 30, as follows: From Commerce, Tex., over Texas Highway 50 to junction Texas Highway 50 and Interstate Highway 30, and return over the same route, serving the termini and all intermediate points; (7) between junction Texas Highway 19 and Interstate Highway 30 and Canton, Tex., as follows: From junction Texas Highway 19 and Interstate Highway 30 over Texas Highway 19 to Canton, Tex., and return over the same route, serving the termini and intermediate points; Restriction: No service is authorized at Emory or Fruitvale, Tex., or at intermediate points on Texas Highway 19 between Emory and Fruitvale, Tex.; (8) between junction Texas Highway 19 and U.S. Highway 80 and Tyler, Tex., as follows: From Junction Texas Highway 19 and U.S. Highway 80 over U.S. Highway 80 to Grand Saline, thence over Texas Highway 110 to Tyler, Tex., and return over the same route, serving the termini and intermediate points. Restriction: No service is authorized at Fruitvale or Grand Saline, Tex., or at intermediate points on U.S. Highway 80 between Fruitvale and Grand Saline, Tex.; (9) between Dallas and Sherman, Tex., as follows: From Dallas, Tex., over Texas Highway 66 to Greenville, Tex., thence over U.S. Highway 69 to junction U.S. Highway 82, thence over U.S. Highway 82 to Sherman, Tex., and return over the same route, serving the termini and all intermediate points; (10) between Bonham and Commerce, Tex., as follows: From Bonham, Tex., over Texas Highway 78 to its junction with Texas Highway 11, thence over Texas Highway 11 to Commerce, Tex., and return over the same route, serving the termini and all intermediate points; and (11) between junction Interstate Highway 30 and Texas Highway 154, near Sulphur Springs and Tyler, Tex., as follows: From junction Interstate Highway 30 and Texas Highway 154, near Sulphur Springs, Tex., over Texas Highway 154 to Quitman, Tex., thence over Texas Highway 37 to Mineola, Tex., thence over U.S. Highway 69 to Tyler, Tex., and return over the same route, serving the termini and no intermediate points, for 180 days.

NOTE.—Applicant intends to tack the requested authority with all of its own authority presently held in docket No. MC-30867 and subs thereunder, and will interline with all authorized carriers at Dallas, Houston, San Antonio, and other commonly authorized Texas points.

Supporting shippers: There are approximately 90 statements of support attached to the application, which may be examined here at the Interstate Commerce Commission in Washington, D.C., or copies thereof which may be examined at the field office named below. Supporting shipper: H. C. Morrison, Sr., District Supervisor, Bureau of Operations, Interstate Commerce Commission, room 9A27 Federal Building, 819 Taylor Street, Fort Worth, Tex. 76102.

No. MC 33919 (sub-No. 6 TA), filed April 20, 1973. Applicant: FAIRCHILD GENERAL FREIGHT, INC., Office: 19 West Washington Avenue (Route 7) Mailing: P.O. Box 1649, 98907, Yakima, Wash. 98901. Applicant's representative: George H. Hart, 1100 IBM Building, Seattle, Wash. 98104. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Fiberboard containers and packing forms*, from the plantsite and warehouse facilities of Container Corp. of America at Portland, Ore., to Winnemucca, Nev., and *empty pallets on return*, for 180 days. Supporting shipper: Container Corp. of America, Western Traffic Division, 2800 De La Cruz Boulevard, Santa Clara, Calif. 95050. Send protests to: District Supervisor, W. J. Huetig, Bureau of Operations, Interstate Commerce Commission, 450 Multnomah Building, 319 Southwest Pine, Portland, Ore. 97204.

No. MC 52579 (sub-No. 138 TA), filed April 20, 1973. Applicant: GILBERT CARRIER CORP., 1 Gilbert Drive, Secaucus, N.J. 07094. Applicant's representative: W. Abel (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Wearing apparel, loose, on hangers from Danville and Marseilles, Ill., to Chicago, Ill., and Frankfort, Ind.*, for 180 days. Supporting shipper: Windbreaker, Inc., 411 Fifth Avenue, New York, N.Y. 10016. Send protests to: District Supervisor, Robert E. Johnston, Bureau of Operations, Interstate Commerce Commission, 970 Broad Street, Newark, N.J. 07102.

No. MC 76987 (sub-No. 8 TA), filed April 23, 1973. Applicant: ORVILLE C. BADGER TRUCKING CO., INC., 15 Lexington Avenue, New Haven, Conn. 06513. Applicant's representative: Herbert A. Dubin, 1819 H Street NW., Washington, D.C. 20006. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Building materials, gypsum, and gypsum products*, from Clarence Center, N.Y. to points in Massachusetts, New Hampshire, Vermont, and Rhode Island, under contract with the National Gypsum Co. of Buffalo, N.Y., for 180 days. Supporting shipper: Gold Bond Building Products, Division of National Gypsum Co., 325 Delaware Avenue, Buffalo, N.Y. 14202. Send protests to: District Supervisor, David J. Kiernan, Interstate Commerce Commission, Bureau of Operations, 324 U.S. Post Office Building, 135 High Street, Hartford, Conn. 06101.

No. MC 94350 (sub-No. 332 TA), filed April 19, 1973. Applicant: TRANSIT HOMES, INC., Haywood Road, at Transit Drive, P.O. Box 1628, Greenville, S.C. 29602. Applicant's representative: Mitchell King, Jr., P.O. Box 1628, Greenville, S.C. 29602. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Trailers designed to be drawn by passenger automobiles, in initial movements, from Orangeburg, S.C., to points in North Carolina, Tennessee, Georgia, Alabama, and Florida*, for 180 days. Supporting

shipper: Post-Coach, Inc., Orangeburg, S.C. Send protests to: E. E. Strothel, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 300 Columbia Building, 1200 Main Street, Columbia, S.C. 29201.

No. MC 97310 (sub-No. 15 TA), filed April 20, 1973. Applicant: SHARRON MOTOR LINES, INC., 1600 "B" Street, P.O. Box 5636, Meridian, Miss. 39301. Applicant's representative: Paul Miller, P.O. Box 2366, Jackson, Miss. 39205. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except class A and B explosives, livestock, household goods as defined by the Commission, those requiring special equipment, in bulk, of unusual value, or injurious or contaminating to other lading), (A) from Montgomery, Ala., over U.S. Highway 80 to its intersection with U.S. Highway 29; thence over U.S. Highway 29 to Atlanta, Ga., and its commercial zone, and return over the same route, serving no intermediate points, but serving all points within a 15-mile radius of Atlanta as off-route points, or in the alternative, serving an area within approximately 15 miles of Atlanta, as off-route points, to wit: All points lying on and within the area embraced by a line beginning at Dallas, Ga., and the junction of Georgia Highway 92 spur and U.S. Highway 278; thence over Georgia Highway 92 spur and Georgia Highway 92 is a southerly direction to the junction of Georgia Highway 54 at or near Fayetteville, Ga.; thence over Georgia Highway 54 to the junction of Georgia Highway 138 at or near Jonesboro, Ga.; thence over Georgia Highway 138 to the junction of Georgia Highway 81 at or near Walnut Grove, Ga.; thence over Georgia Highway 81 to the junction of Georgia Highway 20 near Loganville, Ga., thence over unnumbered highway westerly to junction of Georgia Highway 92 near Mountain Park, Ga.; thence over Georgia Highway 92 to junction of Georgia Highway 92 spur at or near New Hope, Ga.; thence over Georgia Highway 92 spur to the point of beginning; (B) from Birmingham, Ala., to Atlanta, Ga., and its commercial zone, over U.S. Highway 78, and return over the same route, serving no intermediate points, but serving all points within a 15-mile radius of Atlanta as off-route points, or in the alternative, serving an area within approximately 15 miles of Atlanta, as off-route points, to-wit: All points lying on and within the area embraced by a line beginning at Dallas, Ga., and the junction of Georgia Highway 92 spur and U.S. Highway 278; thence over Georgia Highway 92 spur and Georgia Highway 92 in a southerly direction to the junction of Georgia Highway 54 at or near Fayetteville, Ga.; thence over Georgia Highway 54 to the junction of Georgia Highway 138 at or near Jonesboro, Ga.; thence over Georgia Highway 138 to the junction of Georgia Highway 81 at or near Walnut Grove, Ga., thence over Georgia Highway 81 to the junction of Georgia Highway 20 near Loganville, Ga.; thence over unnumbered highway

westerly to junction of Georgia Highway 92 near Mountain Park, Ga.; thence over Georgia Highway 92 to junction of Georgia Highway 92 spur at or near New Hope, Ga.; thence over Georgia Highway 92 spur to the point of beginning; (C) from Tupelo, Miss., and its commercial zone, to Birmingham, Ala., over U.S. Highway 78, and return over the same route, serving no intermediate points; and (D) from Columbus, Miss., and its commercial zone, over U.S. Highway 82 to its intersection with U.S. Highway 11, thence over U.S. Highway 11 to Birmingham, Ala., and return over the same route, serving no intermediate points for 180 days.

NOTE.—Applicant does not seek any duplicating authority and applicant intends to tack and join at all service points presently authorized in MC-97310 and all subs thereto, and to interline at all terminal sites.

Supporting shippers: There are approximately 364 statements of support attached to the application, which may be examined here at the Interstate Commerce Commission in Washington, D.C., or copies thereof which may be examined at the field office named below. Send protests to: Alan C. Tarrant, District Supervisor, Bureau of Operations, Interstate Commerce Commission, Room 212, 145 East Amite Building, Jackson, Miss. 39201.

No. MC 103993 (sub-No. 764 TA), filed April 19, 1973. Applicant: MORGAN DRIVE-AWAY, INC., 2800 Lexington Avenue, Elkhart, Ind. 46514. Applicant's representative: Paul D. Borghesani (same address as above). Supporting shipper: A Home of Your Own, Inc., Minnesota Lake, Minn. Send protests to: District Supervisor A. N. Spath, Bureau of Operations, Interstate Commerce Commission, 448 Federal Building, 110 South Fourth Street, Minneapolis, Minn. 55401.

No. MC 138561 (sub-No. 1 TA), filed April 19, 1973. Applicant: FRANK PARKER, doing business as, MARV'S WRECKER SERVICE, 231 St. Joe Street, Rapid City, S. Dak. 57701. Applicant's

representative: Robert S. Stauffer, 3539 Boston Road, Cheyenne, Wyo. 82001. Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: *Wrecked or disabled motor vehicles and replacements therefore*, between points in South Dakota, on the one hand, and, on the other, points in Montana, Minnesota, Nebraska, North Dakota, and Wyoming, for 180 days. Supporting shippers: Sheehan Equipment Co., Deadwood Avenue, Rapid City, S. Dak. 57701; Otto Heidemann, service manager, Barber Transportation Co., Lyle Osterman, safety director, P.O. Drawer 2047, Rapid City, S. Dak. 57701; and Cummins Power, Inc., 2310 Haines Avenue, Rapid City, S. Dak. 57701; Owen Fisher, branch manager. Send protests to: District Supervisor J. L. Hammond, Bureau of Operations, Interstate Commerce Commission, room 369, Federal Building, Pierre, S. Dak. 57501.

No. MC 138578 (sub-No. 1 TA), filed April 20, 1973. Applicant: L. C. W. TRUCKING, INC., P.O. Box 718, Edinburg, Tex. 78539. Applicant's representative: M. Ward Bailey, 2412 Continental Life Building, Fort Worth, Tex. 76102. Authority sought to operate as a contract carrier, by motor vehicle, over irregular routes, transporting: *Paper and paper products*, from the plant and warehouse sites of International Paper Co., at or near Edinburg, Tex., to points in Arkansas, Colorado, Louisiana, Mississippi, Missouri, New Mexico, and Oklahoma, for 180 days. Supporting shipper: International Paper Co., Attention: W. S. Hedley, 220 East 42d Street, New York, N.Y. 10017. Send protests to: Richard H. Dawkins, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 301 Broadway Building, room 206, San Antonio, Tex. 78205.

No. MC 138636 TA, filed April 16, 1973. Applicant: WALTER H. VAN TASSEL, doing business as VAN TASSEL MOVING & STORAGE, R.F.D. No. 4, Watertown, N.Y. 13601. Applicant's representative: Alan F. Wohlstetter, 1700 K Street NW., Washington, D.C. 20006. Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: *Used household goods*, between points in Jefferson, St. Lawrence, Franklin, Oswego, and Lewis Counties, N.Y., restricted to the transportation of traffic having a prior or subsequent movement beyond said points in containers, and further restricted to the performance of pickup and delivery service in connection with packing, crating, and

containerization or unpacking, uncrating, and decontainerization of such traffic, for 180 days. Supporting shipper: Imperial Household Shipping Co., Inc., subsidiary of Imperial International, Inc., 9675 Fourth Street North, P.O. Box 20124, St. Petersburg, Fla. 33742. Send protests to: Morris H. Gross, District Supervisor, Interstate Commerce Commission, Bureau of Operations, room 104, 301 Erie Boulevard West, Syracuse, N.Y. 13202.

No. MC 138637 TA, filed April 16, 1973. Applicant: LAWRENCE J. GOATER, 88 Birchbrook Drive, Rochester, N.Y. 14623. Applicant's representative: S. Michael Richards, 44 North Avenue, Webster, N.Y. 14580. Authority sought to operate as a contract carrier, by motor vehicle, over irregular routes, transporting: *Swimming pool kits and accessories*, from Bergen, N.Y., and De Kalk Co., to points in Alabama, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Kentucky, Louisiana, Maine, Maryland, Michigan, Massachusetts, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, West Virginia, Wisconsin, and the District of Columbia, for 180 days. Supporting shipper: William L. Prinsen, office manager, Tallman Enterprises Inc., 7300 Lake Road, Bergen, N.Y. 14416. Send protests to: Morris H. Gross, District Supervisor, Bureau of Operations, Interstate Commerce Commission, room 104, 301 Erie Boulevard West, Syracuse, N.Y. 13202.

No. MC 138638 TA, filed April 20, 1973. Applicant: SCHAEFFER TRUCKING, INC., 5200 West Bethany Home Road, Glendale, Ariz. 85301. Applicant's representative: George A. Olsen, 69 Tonnele Avenue, Jersey City, N.J. 07306. Authority sought to operate as a contract carrier, by motor vehicle, over irregular routes, transporting: *Drugs*, in mechanical refrigerated equipment, from West Orange, N.J., to North Hollywood, Calif., for 180 days. Supporting shipper: Organon, Inc., West Orange, N.J. Send protests to: Andrew V. Baylor, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 3427 Federal Building, 230 North First Avenue, Phoenix, Ariz. 85025.

By The Commission.

[SEAL] ROBERT L. OSWALD,
Secretary.

**Area Wage Determination Decisions,
Modifications, and Supersedeas
Decisions**

DEPARTMENT OF LABOR

Employment Standards Administration

MINIMUM WAGES FOR FEDERAL AND
FEDERALLY ASSISTED CONSTRUCTIONModifications and Supersedes Decisions
to Area Wage Determination Decisions

Area wage determination decisions.—Area Wage Determination Decisions of the Secretary of Labor specify, in accordance with applicable law and on the basis of information available to the Department of Labor from its study of local wage conditions and from other sources, the basic hourly wage rates and fringe benefit payments which are determined to be prevailing for the described classes of laborers and mechanics employed in construction activity of the character and in the localities specified therein.

The determinations in these decisions of such prevailing rates and fringe benefits have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's order No. 24-70) containing provisions for the payment of wages which are dependent upon determinations by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of part 1 of subtitle A of title 29 of Code of Federal Regulations, procedure for predetermination of wage rates (37 FR 21138) and of Secretary of Labor's orders 12-71 and 15-71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in effective date as prescribed in that section, because the necessity to issue construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

Area Wage Determination Decisions are effective from their date of publication in the FEDERAL REGISTER without limitation as to time and are to be used in accordance with the provisions of 29 CFR parts 1 and 5. Accordingly, the applicable decision together with any modifications issued subsequent to its publication date shall be made a part of every contract for performance of the described work within the geographical area indicated as required by an applica-

ble Federal prevailing wage law and 29 CFR part 5. The wage rates contained therein shall be the minimum paid under such contract by contractors and subcontractors on the work.

Modifications and supersedes decisions to area wage determination decisions.—Modifications and supersedes decisions to area wage determination decisions are based upon information obtained concerning changes in prevailing hourly wage rates and fringe benefit payments since the decisions were issued.

The determinations of prevailing rates and fringe benefits made in the modifications and supersedes decisions have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's order No. 24-70) containing provisions for the payment of wages which are dependent upon determination by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of part 1 of subtitle A of title 29 of Code of Federal Regulations, procedure for predetermination of wage rates (37 FR 21138) and of Secretary of Labor's orders 13-71 and 15-71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in foregoing area wage determination decisions, as hereby modified, and/or superseded shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged in contract work of the character and in the localities described therein.

Modifications and supersedes decisions are effective from their date of publication in the FEDERAL REGISTER without limitation as to time and are to be used in accordance with the provisions of 29 CFR parts 1 and 5.

Any person, organization, or governmental agency having an interest in the wages determined as prevailing is encouraged to submit wage rate information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Office of Special Wage Standards, Division of Wage Determinations, Washington, D.C. 20210. The cause for not utilizing the rulemaking procedures prescribed in 5 U.S.C. 553 has been set forth in the original area wage determination decision.

Set forth below in this document are the following:

Modifications to Area Wage Determination Decisions for the following States (the numbers of the decisions being modified and their dates of publication in the FEDERAL REGISTER are listed with each State):

Arkansas:	AP-365	-----	Dec. 8, 1972.
Colorado:	AP-233	-----	Sept. 15, 1972.
	AP-295	-----	Apr. 20, 1973.
Florida:	AP-128	-----	Nov. 17, 1972.
Idaho:	AP-274; AP-275; AP-276	-----	Mar. 23, 1973.
Maryland:	AP-455	-----	Dec. 29, 1972.
	AP-492	-----	Mar. 9, 1973.
Massachusetts:	AP-458	-----	Jan. 19, 1973.
Minnesota:	AP-636; AP-639; AP-640;	-----	Mar. 9, 1973.
	AP-641; AP-642; AP-	-----	
	643; AP-644; AP-645;	-----	
	AP-646; AP-647.	-----	
Montana:	AP-286	-----	Apr. 6, 1973.
Nebraska:	AP-524	-----	Apr. 6, 1973.
	AP-526	-----	Apr. 20, 1973.
North Dakota:	AP-267	-----	Apr. 9, 1973.
Oregon:	AP-277	-----	Mar. 23, 1973.
	AP-284	-----	Apr. 6, 1973.
Tennessee:	AP-139	-----	Dec. 1, 1972.
	AP-154	-----	Mar. 2, 1973.
Texas:	AP-713	-----	Apr. 20, 1973.
Utah:	AP-254	-----	Dec. 8, 1972.
Vermont:	AP-802	-----	Apr. 20, 1972.
Virginia:	AP-468	-----	Feb. 9, 1973.
	AP-492	-----	Mar. 9, 1973.
	AP-499	-----	Mar. 30, 1973.
Washington:	AP-283	-----	Apr. 6, 1973.
Washington, D.C.:	AP-491	-----	Mar. 9, 1973.

Supersedes decisions to area wage determination decisions for the following States (the numbers of the decisions being superseded and their dates of publication in the FEDERAL REGISTER are listed with each State; supersedes decision numbers are in parentheses following the number of the decision being superseded):

Alabama:	AP-115(AP-185)	-----	Aug. 11, 1972.
Colorado:	AP-232(AP-299)	-----	Sept. 15, 1972.
	AP-234(AP-298)	-----	Sept. 15, 1972.
Delaware:	AP-444(AP-804)	-----	Nov. 17, 1972.
Florida:	AM-462(AP-176); AM-463	-----	Aug. 20, 1971.
	(AP-177); AM-464(AP-	-----	
	178); AM-465(AP-179);	-----	
	AM-466(AP-180); AM-	-----	
	467(AP-181).	-----	
Iowa:	AP-510(AP-527); AP-511	-----	Nov. 10, 1972.
	(AP-528); AP-512(AP-	-----	
	529); AP-513(AP-530).	-----	
Kentucky:	AM-488(AP-183)	-----	Aug. 20, 1971.
Virginia:	AM-1872(AP-805)	-----	Aug. 20, 1971.

Signed at Washington, D.C., this 27th day of April 1973.

WARREN D. LANDIS,
Assistant Administrator,
Wage and Hour Division.

TRUCK DRIVERS: (BUILDING CONSTRUCTION)
GROUP I
Truck driver (hauling machinery for employer's own use, including operator of hand & power operator winches) truck driver; mechanic welder; tractor trailer, Off-Road truck drivers
GROUP II
Tri-axle (including four axles)
GROUP III
Bituminous distributor driver, bituminous distributor (one man operation) Tandem axle trucks
GROUP IV
Bituminous distributor spray operator (rear end oiler) dumpman; greaser & truck serviceman; tank truck helper (gas, oil, road oil and water) teamster & stableman; tractor operator (wheel type used for any purpose) Pilot car driver; self propelled pactor, Slurry operator; single axle trucks

THE FOLLOWING CLASSIFICATIONS SHALL COME UNDER THE APPROPRIATE AXLE RATE WAGE GROUP:

Dump truck driver
Dry batch hauler driver
Tank truck driver (gas, oil, road oil and water)
Boom and "A" frame driver
Ready mix concrete truck driver
Slurry drivers

DECISION #AP-284 - Mod. #1
(38 FR 8927 - April 6, 1973)
Statewide, Oregon

Change:
Electricians:
Clackamas; Clatsop; Columbia;
Wood River; Multnomah; Sherman;
Tillamook; Wasco; Washington; N
of Yamhill Counties
Electricians
Cable splicers
Harney; Jackson; Josephine;
Klamath Lake; That portion of
Douglas lying east of a line
running north and south from the
corner of Coos County to the
southeast corner of Lincoln Co.
Electricians
Cable splicers
Sheet Metal Workers:
Benton, Clackamas, Clatsop,
Columbia, Crook, Deschutes,
Gilliam, Grant, Harney, Hood
River, Jefferson, Lincoln, Linn,
Marion, Morrow, Multnomah, Polk,
Sherman, Tillamook, Wasco,
Washington, Wheeler, Yamhill Cos.
Tile Setters & Terrazzo Workers:
Clatsop, Clackamas, Columbia,
Gilliam, Harney, Hood River, N of
Lincoln, Marion, Morrow, Multnomah,
Polk, Sherman, Wasco (north of
the City of Medford), Washington,
Tillamook, Yamhill Counties

DECISION #AP-254 - Mod. #2
(37 FR 28235 - December 8, 1972)
Statewide, Utah

Change:

- Asbestos Workers
- Boilermakers
- Bricklayers
- Electricians:

Zone I

Cache, Davis (north of Alist parallel) and Weber County: Electricians
Cable splicers

Zone II

Box Elder (east of 112.50 longitude) and Morgan County: Electricians
Cable splicers

Zone III

Box Elder (west of 112.50 longitude) and Rich County: Electricians
Cable splicers

Electrical contracts not exceeding \$35,000, Zone I rates shall apply.
Line Construction:
Liveman
Cable splicers
Line equipment operators
Groundman
Line equipment mechanic; Line equipment serviceman
Painters:

DECISION #AP-713 - Mod. #1

(38 FR 9948 - April 20, 1973)
Bell, Bosque, Coryell, Falls, Freestone, Hamilton, Hill, Lampasas, Limestone, McLennan and Navarro Counties, Texas

Change:

- Power Equipment Operators:
- Motor grader operator, fine grade

LABORERS (cont'd)
(PIPELINES)

All mainline sewers; Water mains; Gas, oil or any product pipelines; Fens-stocks; Siphons or drainage lines; Pipe plants and yards not in connection with highway construction.

GROUP I
Pipe plants and yards; Stringing of pipe or skids; Handling and signaling on line work

GROUP II
Potman (not mechanical); Piperegger, Dopers, Jeep Holiday Detector Men, Bandage makers, Powdermen helpers

GROUP III
Laborers working in trenches on all pipelines; Sewer, water, gas, oil, telephone conduit, pen stock, siphons, drainage lines, caulkers, yorners, fine graders, air, gas, electric and hydraulic tools, boring machines, hydraulic jacks, drills, tampers, etc.

GROUP IV
Sandblasters, powdermen and blasters, wiping of joint concrete pipe, inside and out; Labor, applicable to pipe coating or wrapping, plants and yards; Enamellers of pipe, inside and out

GROUP V (Relining Pipe)
Relining pipe
Mixer men

GROUP VI
Pipelayer

LABORERS (TUNNELS):

Outside laborers

GROUP I
Minimum tunnel labor, dry house man

GROUP II
Cable or hose tenders, chuck tenders, concrete laborers, dumpman, whirley pumps operators

GROUP III
Helpers on shotcrete, gunniting and sandblasting; Helpers, core and diamond drills; Pot tender

GROUP IV
Cement finisher helper, applying of concrete processing materials

GROUP V
Collapsible form movers and setters, miners, machinemen and bit grinders, nippers, powdermen and blasters, reinforcing steel setters, timbermen (steel or wood tunnel support, incl. the placement of sheeting when required) and all cutting and welding that is incidental to the miner's work; Tunnel liner plate setters; Vibrator men, internal and external; Unloading, stopping and starting of Moran Agitator Cars; Diamond and core drills; Cement finisher (underground); Shotcrete operator; Cumite nozzlemen; Sandblaster; Pump concrete placement men

(SHAFTS, RAISES, MISSILE SILOS AND ALL UNDERGROUND WORK OTHER THAN TUNNELS)

GROUP I
Laborers, Tugmen, Bottommen, and Cagers

GROUP II
Chucktenders, Concrete laborers, Whirley pumps operators

POWER EQUIPMENT OPERATORS

(Other than for work in Tunnels, Shafts and Baisés)

GROUP I

Asphalt screed; Brakeman; Drill operator, smaller than William MF and similar; Helper to heavy duty mechanic and/or welder; Tractor operator (under 70 HP), with or without attachments; Oiler

GROUP II

Air compressor; Bitch witch trenching machine and similar; Equipment lubricating and service engineer; Fork lift; Haulage motorman (brakeman); Operators of five or more light plants, welding machines, compressors 360 C.F.M. or less, pumps, generators; Pugmill operator; Pugmill; Pumps; Portable screening plant with or without a spray bar; Screening plants-with classifier; Self-propelled rollers - 5 tons and under; Vacuum well point system

GROUP III

Asphalt plant; Backfiller; Micromous spreader or laydown machine; Cableway signalman; Caissons drill; (William MF, similar and larger; C.M.L. and similar; Concrete finish machine; Concrete gang saws on concrete paving; Concrete mixer pumps (under 8 in.); Conveyor (handling building materials); Distributors, bituminous surfaces; Drill, (diamond or core); Drill rigs (rotary, churn or cable tool); Elevating graders; Engineer fireman; Fireman or tank heater, Road; Groat machine; Gunnite machine; Hoists (1 drum); Loader (Barber Greene, etc.); Loader (up to and including 6 cu. yd.); Machine doctor mechanic; Motor grader (blade); Road stabilization machine; Rollers-self-propelled-all types over 5 tons; Sandblasting machine; Scrapers-Single Bowl-under 40 cu. yds.; Single unit portable crossbar-with or without washer; Tilt tamper, Wheel mounted; Tractor (70 h.p. & over) (with or without attachments); Trenching machine; Welder; Winch op. on truck; Concrete batching plants

LABORERS:

GROUP I

Minimum laborer, including caissons to
 8', carrying reinforcing rods; Work on
 cross culverts, connections and side
 drains in connection with highway work,
 whether corrugated metal or concrete
 pipe; Fence erectors; Metal mesh;
 Dowel bars; Tie bars and chairs in
 concrete paving; Nursery man incl.
 seeding, mulching and planting of
 trees, shrubs and flowers; Stake chaser;
 Gabion baskets and Reno mattresses

GROUP II

Chock tenders; Nippers, core and diamond
 drill helpers; Powderman helpers

GROUP III

Hot asphalt laborer; Bakers; Box-tenders;
 Asphalt curb machines; Potmen (not
 mechanical)

GROUP IV

Multi-plate culvert pipe; Air, gas and
 electric tools operators; Barco hammers;
 Spaders; Electric hammers; Air tampers;
 Cutting torches on demolition work;
 Caissons 8' to 12'; Cofferdams; Power
 operated concrete buggies; Operators
 of concrete saws on pavement (other
 than gang saws); Timber and chain saws;
 Stresser or stretcherman on post
 tension or prestressed concrete on or
 off jobsite; Tool room man and
 checkers; Cement finisher helper;
 Sandblaster helper; Concrete processing
 material monitor; Spotters; Signalmen;
 Dumpmen; Transverse concrete conveyor
 operator, mechanical grouters; Boring
 machines (air hydraulic); Automatic
 concrete power coring machine; Jack-
 hammers; Vibrators; Paving breakers;
 Frostproofing

POWER EQUIPMENT OPERATORS (CONT'D):
 Self-propelled roller (other than high type asphalt); Distributor; Screening & washing plant; Spreaders; concrete; Tank car heater (combination boiler & boiler); Self-propelled vibrating compactor; Trenching machine (other); Pumps on well points & deep wells for dewatering; Mechanical broom; Steel placing machine; Hoist op.; Compressor; Concrete mixer (side loader); Concrete crusher feeder; Finishing machine on concrete; Flax-plane; Bull float; Form grade; Motor crane combination driver & operator; Concrete curing machine
 Boiler (single); Apprentice engineer or oil or mechanic's helper or group greaser helper; Self-propelled tractor (milling) barrow or sheepfoot roller; Welding machine; Pump op. (other than dredge); Boom & winch truck
 Batching plant (dry); Front end loader, rubber-tired (with backhoe attachment, under 3/8 cy); Farm tractor pulling pneumatic roller
TRUCK DRIVERS:
 Truck drivers (not otherwise specified); Warehousemen; Drivers on: 4-wheel service trucks, bus hauling men, carry all & winch trucks, dumptrucks & scoopermobiles
 Semi & tandem; Ready mix; Dumpster; Tandem axle service; Working & similar dumpsters, track trucks, euclids, bug bottom drums, toumopulls or similar equipment used for transportation; Drivers on pavement breakers, pole trailers or air compressors and welding machines, including those pulled by separate units

BUILDING CONSTRUCTION

POWER EQUIPMENT OPERATORS

CLASSIFICATION 1

Cranes, including those being used as backhoes, draglines, clamshell, etc.; Tower cranes; Truck cranes & cherry pickers over 15 ton rated capacity; Derricks; Pile drivers and extractors; Caisson rigs; Side boom and winch trucks (used for erection of structural steel and moving and setting of heavy machinery); 3-drum hoist; Welders; Mechanics; Locomotive; Bridge (levyman)

CLASSIFICATION 2

1 and 2 drum hoist; Air and electric tuggers (on power plants or setting steel or grating); Econobile; Plant mixers; Farm type tractors (with loaders, backhoe attachments, etc.); Scrapers (toursapull, etc.); Endloaders; bridge (engineer); Side boom and winch truck other than Balllovers; Push cat; Truck cranes & cherry pickers (15 ton and under); Concrete mixers (1 yard and over); Ditching machine (8" and over); Rock lifts (on steel erection and machinery moving or hoisting above one complete story); Concrete pump; Dewatering pumps; Temporary hoist cage operated; Second man on locomotive

CLASSIFICATION 3

Tractors (under 35 hp) with or without attachments; Endloaders (under 35 hp) with or without attachments; Air compressors (over 125 cfm); Pumps 3" or over; Welding machines 600 amps or combination thereof; Conveyors; Fireman (Boiler); Generator (75 KW and over); Fork lifts (other than above Classification #2); Guniting machines; Self-propelled rollers; Stump chippers; Self-propelled tamper; Air and electric tuggers (other than above); Ditching machine under 8"

HEAVY & HIGHWAY CONSTRUCTION

CEMENT MASON

CA SPENTERS; FILLED REINFORCING
LABORERS:
Sandblasters; Fowlerman & blaster;
Pipelayer, sewer, water, telephone
conduits, etc.; Sewer utility man;
Concrete masons; Diamond & core
drills, powered by air, all work
performed by laborers working from a
bos'n chair, swinging stage, life
belt, tag line, or block & tackle;
Drill op. of air trees, wagon drills
& similar drills
Tree climber; Form setters; Packers;
Box-tenders; Asphalt curb machines;
Pocmen (not mechanical); Bull float,
hand operated; Sealers; Timbermen;
Underpinning & shoring; Caissons
(over 12'); Grade checker & cutting
torches on demolition work
Power buggyman; Concrete & paving
sawman; Form liner, expansion joint
assembler; Bottom man; Caulker &
jointer & painter; Timber & chain-
saw; Mechanical grouters; Boring
machine; Automatic concrete power
curbing machines; Stresser or
stretcherman on post-tension or pre-
stressed concrete (on or off the
job); Powermen helpers
Form tamper; Air, gas & electric tool
op., vibrator; Barco hammer, paving
breaker, spader, tamper, electric
drills; Hammer & jackhammer; Tree
groundmen; Chuck tender; Drill
helpers, tool room men & checkers;
Sandblaster helper; Concrete pro-
cessing material & monitors; Cement
finishers helpers
Fence erectors; Handling & placing of
metal mesh, dowel bars, reinforcing
bars & chairs; Dumpmen & spotters;
Carrying reinforcing rods; Corrugated
culvert pipe; Concrete drainage pipe;
Stake chaser, seeding, mulching &
planting of trees, shrubs & flowers;
Water boy; Common laborer; Soimen,
tending to carpenters; Hot asphalt
labor; Stringmen on paving work

HEAVY & HIGHWAY CONSTRUCTION

POWER EQUIPMENT OPERATORS:
Power shovel & crane type equipment
(1/2 cy & over); General mix plant
op. (concrete 5 cy & over); Dredge
op. & leverman; Concrete mixer, paver;
Hoisting engineer (steel erection);
Tractor operating scrapers in tandem;
Motor patrol on finishing work;
Master mechanic (when 4 or more
mechanics are employed); Tow or push
boat; Filldriller machine
Asphalt plant; Asphalt pugmill; Power
shovel (crane type equipment, under
1/2 cy); Front end loader (all types
40 HP or over); Mechanics & welders;
Toursapoli, DW 10 & all similar
equipment, over 10 cy struck cap;
All self-loading scrapers; Tractors,
belldozers; Push cat or pulling
scraper or roofer; Sideboom tractor;
Chain or rotary drill; Trenching
machine (Cleveland 80 or similar
cap.); Self-propelled sheepfoot
roller (100,000 lbs. & over); Cen-
tral mix plant (concrete, under 5
cy); Asphalt spreader; Group equip-
ment grader; Automatic subgrade
machine; Slip form paving
Motor patrol (other than finish);
Asphalt roller (high type surfacing);
Concrete curb breaking machine; Con-
crete edging machine; Elevating
grader & Athey loader; Toursapoli,
DW 10 & all similar equipment under
10 cy struck cap.; Towing breaker
(group or pneumatic); Spreader box
(self-propelled or tractor-pushed);
Subgrade stab. (P&H & similar sizes);
Roller (2 or one boiler & dryer);
Subgrading machine (OMI); Asphalt
paver; Backhoe under 3/8 cy

HEAVY & HIGHWAY CONSTRUCTION

POWER EQUIPMENT OPERATORS (CONT'D):
 Self-propelled roller (other than high type asphalt); Distributor; Screening & washing plant; Gravel-concrete; Tank car heater (combination boiler & booster); Self-propelled vibrating compactor; Trenching machine (other); Pumps on well points & deep wells for dewatering; Mechanical broom; Steel piling machine; Boat op.; Compressor; Concrete mixer (side loader); Conveyor; Crusher feeder; Finishing machine on concrete; Flex-plant; Bull float; Form grade; Motor crane combination driver & oiler; Concrete curing machine
 Boiler (single); Apprentice engineer or oil or mechanic helper or group greaser helper; Self-propelled tractor (pulling disc harrow or sheepsfoot roller); Welding machine; Pump op. (other than dredge); Boom & winch truck
 Batching plant (dry); Front end loader, rubberized (with backhoe attachment, under 3/8 cy); Farm tractor pulling pneumatic roller
 TRUCK DRIVERS:
 Truck drivers (not otherwise specified); Warehouseman; Drivers on 4-wheel service trucks, bus hauling men, carry all & winch trucks, dump-crates & scoops/hoes
 Semi & tandem; Ready mix; Dumpster; Tandem axle service; Korking & similar dumpsters, track trucks, euclids, bug bottom drums, tourmalis or similar equipment used for transportation; Drivers on pavement breakers, pole trailers or air compressors and welding machines, including those pulled by separate units
